

When will I be able to pay my property taxes online?

This service is currently available.

Will there be a charge?

All payments online and by telephone are subject to a user convenience fee. For credit card transactions a fee of 2.95% of the payment amount will be added to your payment with a minimum of \$2.00. This amount is subject to change yearly. Roosevelt County does not receive any of the proceeds from the convenience fees. All fees collected are applied to transaction costs incurred for processing the payment.

Example:

Credit or debit cards

For a \$200 tax amount, the convenience fee is \$5.90, which is 2.95% of \$200. This Convenience Fee is added to your total credit card transaction.

$\$200.00 \text{ Tax amount} + \$5.90 \text{ Convenience Fee} = \$205.90 \text{ Total Payment}$

Will payment be applied the same day?

Payment will be applied within three business day from which it was received.
